

# The cooperation with Feriepartner Danmark is going full steam ahead

Feriepartner ("Holiday Partner") is Denmark's largest chain of local holiday home agencies, producing local magazines and product catalogues every year.

Rosendahls, now Stibo Complete, has been helping Feriepartner agencies across the country with the design and printing of their individual product catalogues since 2007.

We printed Feriepartner Denmark's first magazine in 2017 and have been producing individual magazines for the local agencies since 2019.

In 2020, Stibo Complete produced 20 different product catalogues and magazines for the partners around Denmark.

Every year, Stibo Complete provides the agencies with small printed matter in cooperation with Feriepartner Denmark's chain office.

*We have worked with Stibo Complete for many years and appreciate the personal service and professional, solution-oriented approach we always receive. The quality is good and things are delivered on time. On our busy days, that is worth its weight in gold.*
